2.2.3. There are institutional provisions for catering to differential student needs; appropriate learning exposures are provided to students:

Report: Institute provides appropriate learning exposure to cater the differential student needs. Institute has a mechanism and provision for aforesaid.

➤ Institutional provision for catering the differential student's needs.

- The college is sensitive to be need to the problem of all its students, particularly student with differential need.
- The library is situated on the ground floor which is really accessible by physical challenge student the institution provides certain arrangement to Cater the need of physically challenged student
- The admission process follows the reservation norms according to the UGC and SPP University adequate infrastructure facilities are provided so that they don't feel any physical obstruction blocking their way.
- The classroom are provided which is convenient for the student with disabilities to move around freely in the campus.
- Attendant facility is also available if needed by student.
- Special parking facilities for different abled Ramp wheelchair and special toilets for the handicapped, convenient seating arrangement and adequate furniture are made for the available for them.
- Students with special learning need are encouraged and rewarded for participating in the college event.
- Vocational guidance and counselling is provided to get them settled in a healthy working environment by dealing pre-hand with any inhibitions that may be holding them back.
- If student with different need face any problem the principle and staff attend to them and resolve their problem at the earliest.

- Student Welfare and members of the grievance and also help the student in need and have open and direct communication with them.
- Locked boxes are kept in the college and hostel through which student can communicate their grievances.
- Personal counselling and one and one to one interaction by principal Student Welfare and train Counsellor of the college provided by the college to all students especially to the student differential learning needs.
- Especially sensitive student to help them catch up with studies.
- Provision for late submission and of assignment and retest is made for differently level student and those recovering from prolonged illness.
- Special lecture seminar conferences are organized to encourage the motivate student to become participative agent and not to just passive participant of knowledge.
- Question bank (quick revision points) additional reading material and simplified notes are prepared by the faculty members and distributed to them individual attention is paid to them and friendly environment is provided to motivate them
- ICT services/ facilities are also made available to students where students can work in the ICT lab in the working hours of the college to prepare their presentation or do any kind of college work in addition the Institution has established smart classroom to meet the changing train in the education system teachers use Google meet and YouTube subscription to cope with the challenges of online education during the pandemic covid-19 computer laboratory and language lab are also used to make student techno saving regular training is imparted to the teacher educator on ICT entire campuses Wi-Fi enable with good bandwidth.
- A talent show is organized every year to find the hidden talent of the student with special learning needs so that they make participate in them according to their ability various items such as singing, acting, speeches, debate, poem, poetry writing, poster making competition, classical and folk items, Rangoli making collage, sketching they are provided with the export coaching in their respective chosen area of the interest
- Practice teaching in an urban school is carried out for the prospective teachers to understand School system and infrastructure. This is very important aspect of teacher training program as it gives inside into the school as a social system, vision of the school, policy, practices, decision making system of the school, teaching learning process and human resource system.
