6.2.1 The institutional Strategic plan is effectively deployed

Institute has developed Strategic Plan for 2023-2027 which defines planning and execution strategies to successfully meet the targets set. Imparting quality education equipping students with skills and knowledge to acquire conceptual tools of sociological analysis and hands-on experience of engaging with diverse communities, children and schools This Strategic plan is the result of deliberations with various stakeholders such as Educationists, academicians, non-teaching staff, current students, Parents and alumni to know where they want to see the institute in the near future.

Our future actions and their results are the road maps to make the college one of the best learning centers of its own kind. Numbers of deliberations conducted to prepare this plan have made us to comprehend our strengths, opportunities and challenges to achieve the set targets. This strategic plan will stand test of time in the coming years.

It is a time to work collaboratively to bring the words on the page into action.

Vriddhi software:

Software Name – VRIDDHI developed by Vriddhi Software Solutions Pvt. Ltd. Malegaon, Nashik (Maharashtra) from 2023. We have provided login Id's & passwords to Teachers. They apply for leave, type their daily teacher logs & send it to principal. There are various facilities for students on Vriddhi. One is Library Management Software Name – VRIDDHI. Institute has Library using “VRIDDHI Software” Library is partially automated.

Features of Library Automation:

To reduce manual intervention, this Library Management software is really helpful tool which can bring the revolutionary change into the Library automation Software and makes the transactions fast and secure. This library automation software helps to keep track of all the existing books. There will be a unique Id for every book. Bar code will help in Issue-return functionality. There are different modules of Vriddhi Software:

- 1. Barcode Module-** Barcode were generated and printed according to respective accession no allotted to books. This facility is used for issuing of books for library users. Users borrow card also barcoded according to their library membership no. this facility is used for keeping issuing records of library books.
- 2. Accession Module-** accession no allotted to respective books, data entry is done in this module.
- 3. Cataloguing Module-** is used or retrospective conversion of library resources and allows management of bibliographic file, authority file and holdings.
- 4. Circulation Module-** this module is used for issuing of books to users using barcodes
- 5. Student Module-** enrolling student details to software and membership numbers were allotted
- 6. Employee Module-** enrolling faculty details to software and membership numbers were allotted.
